Ms Delis explained Coronation does have it but for certain things. **Approved by Ms Lisa Kay, seconded by Ms Mimi Vongphakdy**

Ms Delis presents ABAV plan for approval.
Coronation does have a system for incident reports which they are dealt with rapidly, meetings with concerned student and/or parents, suspension in serious cases. Ms Delis mentioned there were only 3 suspensions in the school year for a physical (hitting) incident. Ms Delis does believe the school has a good system but some changes/improvements are still needed in certain areas. Ms Maimone shared that the school board does conduct an anonymous survey where students are asked if they were involved in any incident, if they were a victim of it, if they had to report it or even to stop it. Generally speaking, Coronation has a good rating as students do feel safe. Our school rating fits within the Canadian norm.
Approved by Mr. Paul Menard, seconded by Ms Amanda Dandy.
