Re: East Hill School Supports Shriners Hospital for Children!

Dear East Hill Families,

This school year, East Hill School is proud to support the **Shriners Hospital for Children**, an organization dedicated to improving the lives of children through specialized pediatric care, innovative research, and education. Shriners Hospital provides specialized medical care to children with a wide range of conditions, helping them improve their health, independence, and quality of life.

By supporting this wonderful organization, we hope to teach our students the importance of compassion, generosity, and community involvement while making a meaningful difference in the lives of children and their families.

Representatives from Shriners Hospital will be visiting East Hill School in November to share their mission and tell us more about the important work they do. We look forward to learning more about this organization and finding ways for our school community to contribute to its cause. Further information about this initiative and upcoming fundraising activities will be shared with you shortly.

In the meantime, we are excited to kick off our fundraising efforts this **Friday, October 30th, as our students celebrate Halloween dressed down in their costumes!** We invite families who wish to participate to make a **voluntary donation of $2 per student** to support the Shriners Hospital for Children.

We are grateful for any contribution you are able to make. Every donation, big or small, is an opportunity to help children in need and to show our students the power of kindness and collective action.

Thank you for your continued support and generosity. Together, we can make a difference!

Warm regards,

East Hill Administration
