

My Kindness Quote

I took this kind quote that I did for kindness. The quote says " No matter what you're going through there is a light at the end of the tunnel " . This quote means that even if you are in your worst time of your life. You will know that there will be a day where you will be happy once again. You should never give up on something you want to accomplish or on your dreams. I chose this quote because it shows that nobody should give up on their dreams and we all need hope in this world.
