

Kindness and politeness are not overrated at all. They're underused

I chose this because I found it at the last second.... Hehe.....

I was running out of time okay?

Anyways, what this quote means to me is that- th- tha- that- okay sorry for stuttering.

What it means to me is that people think that kindness is overused, but really, it's underused.

Kindness is being abused. It's more underrated than overrated. It's important to spread kindness

So the karens will become nice, instead of evil, and we can have peace! Even though this won't

happen... :(

I can help spread kindness by placing these rocks around the community since that is the goal of this project!
