

Kindness

Aim for the moon. If you miss, you may hit a star- W. Clement Stone

This quote means that if you try to do something but you don't do it perfectly, like reaching for the moon, at least you tried, just like reaching for the stars.

I chose this quote because I really like space and I like how it's saying keep trying and you will succeed.

Everybody can spread kindness by being nice to people, if someone is very lonely you can offer them to play with you. You can also smile at someone if they are feeling sad, and you can compliment people too.

BE KIND
