

HIGH SCHOOL GUIDE

2022-2023

Commission scolaire English-Montréal

English Montreal School Board

EMS B Marketing and Communications**Editor:** Kristin McNeill (editor@emsb.qc.ca)**Layout Design:** Zülfiye Erdem (zulfiye@gmail.com)

A message from the Director General

Dear students and their parents or guardians,

We have prepared this guide for those starting their approach into the world of secondary education. Here you will find a snapshot of what each of our mainstream high schools has to offer: What are the programs they excel in? What sets them apart? What are their extra-curricular activities they are most proud of? Important dates, such as open houses, admissions applications and placement exams, are listed for each school so you can mark these into your calendar.

As you'll see, the English Montreal School Board (EMS B) has a wide array of secondary school options for students all across the island of Montreal (see the map on p. 4). Whether you are choosing a school close to home or across the city, or favor a certain academic, arts or sports program, this booklet will give you a snapshot of what we have to offer. Social media sources are also listed, and we encourage you to consult these, as well as the school's website, to get a more intimate sense of the school.

Each EMS B high school follows the Quebec Ministry of Education curriculum, but they have the freedom to enrich their offering through a variety of different special programs. For example, some schools offer a range of French instruction levels. Others offer a concentration in sports, arts or music. Some are designed for students who require a smaller school setting or special training for the workforce.

With the highest success rate of any public school board on the island of Montreal, more than 75 percent of our youth sector students are enrolled in French immersion or bilingual programs, underlining the excellent quality of our French instruction. We support our students in graduating as fully bilingual Quebecers.

A variety of non-traditional study paths are also offered to students in our schools. These include specialized board-level initiatives such as physical literacy and numeracy literacy programs, and STEAM to provincial government programs, such as SportÉtudes and the Work-Oriented Training Pathway programs. Let's not forget the internationally recognized ones such as the International Baccalaureate Middle Years Program and the Advanced Placement Program.

Families have a wealth of choice at the EMS B! We hope you find this Guide helpful.

Nick Katalifos

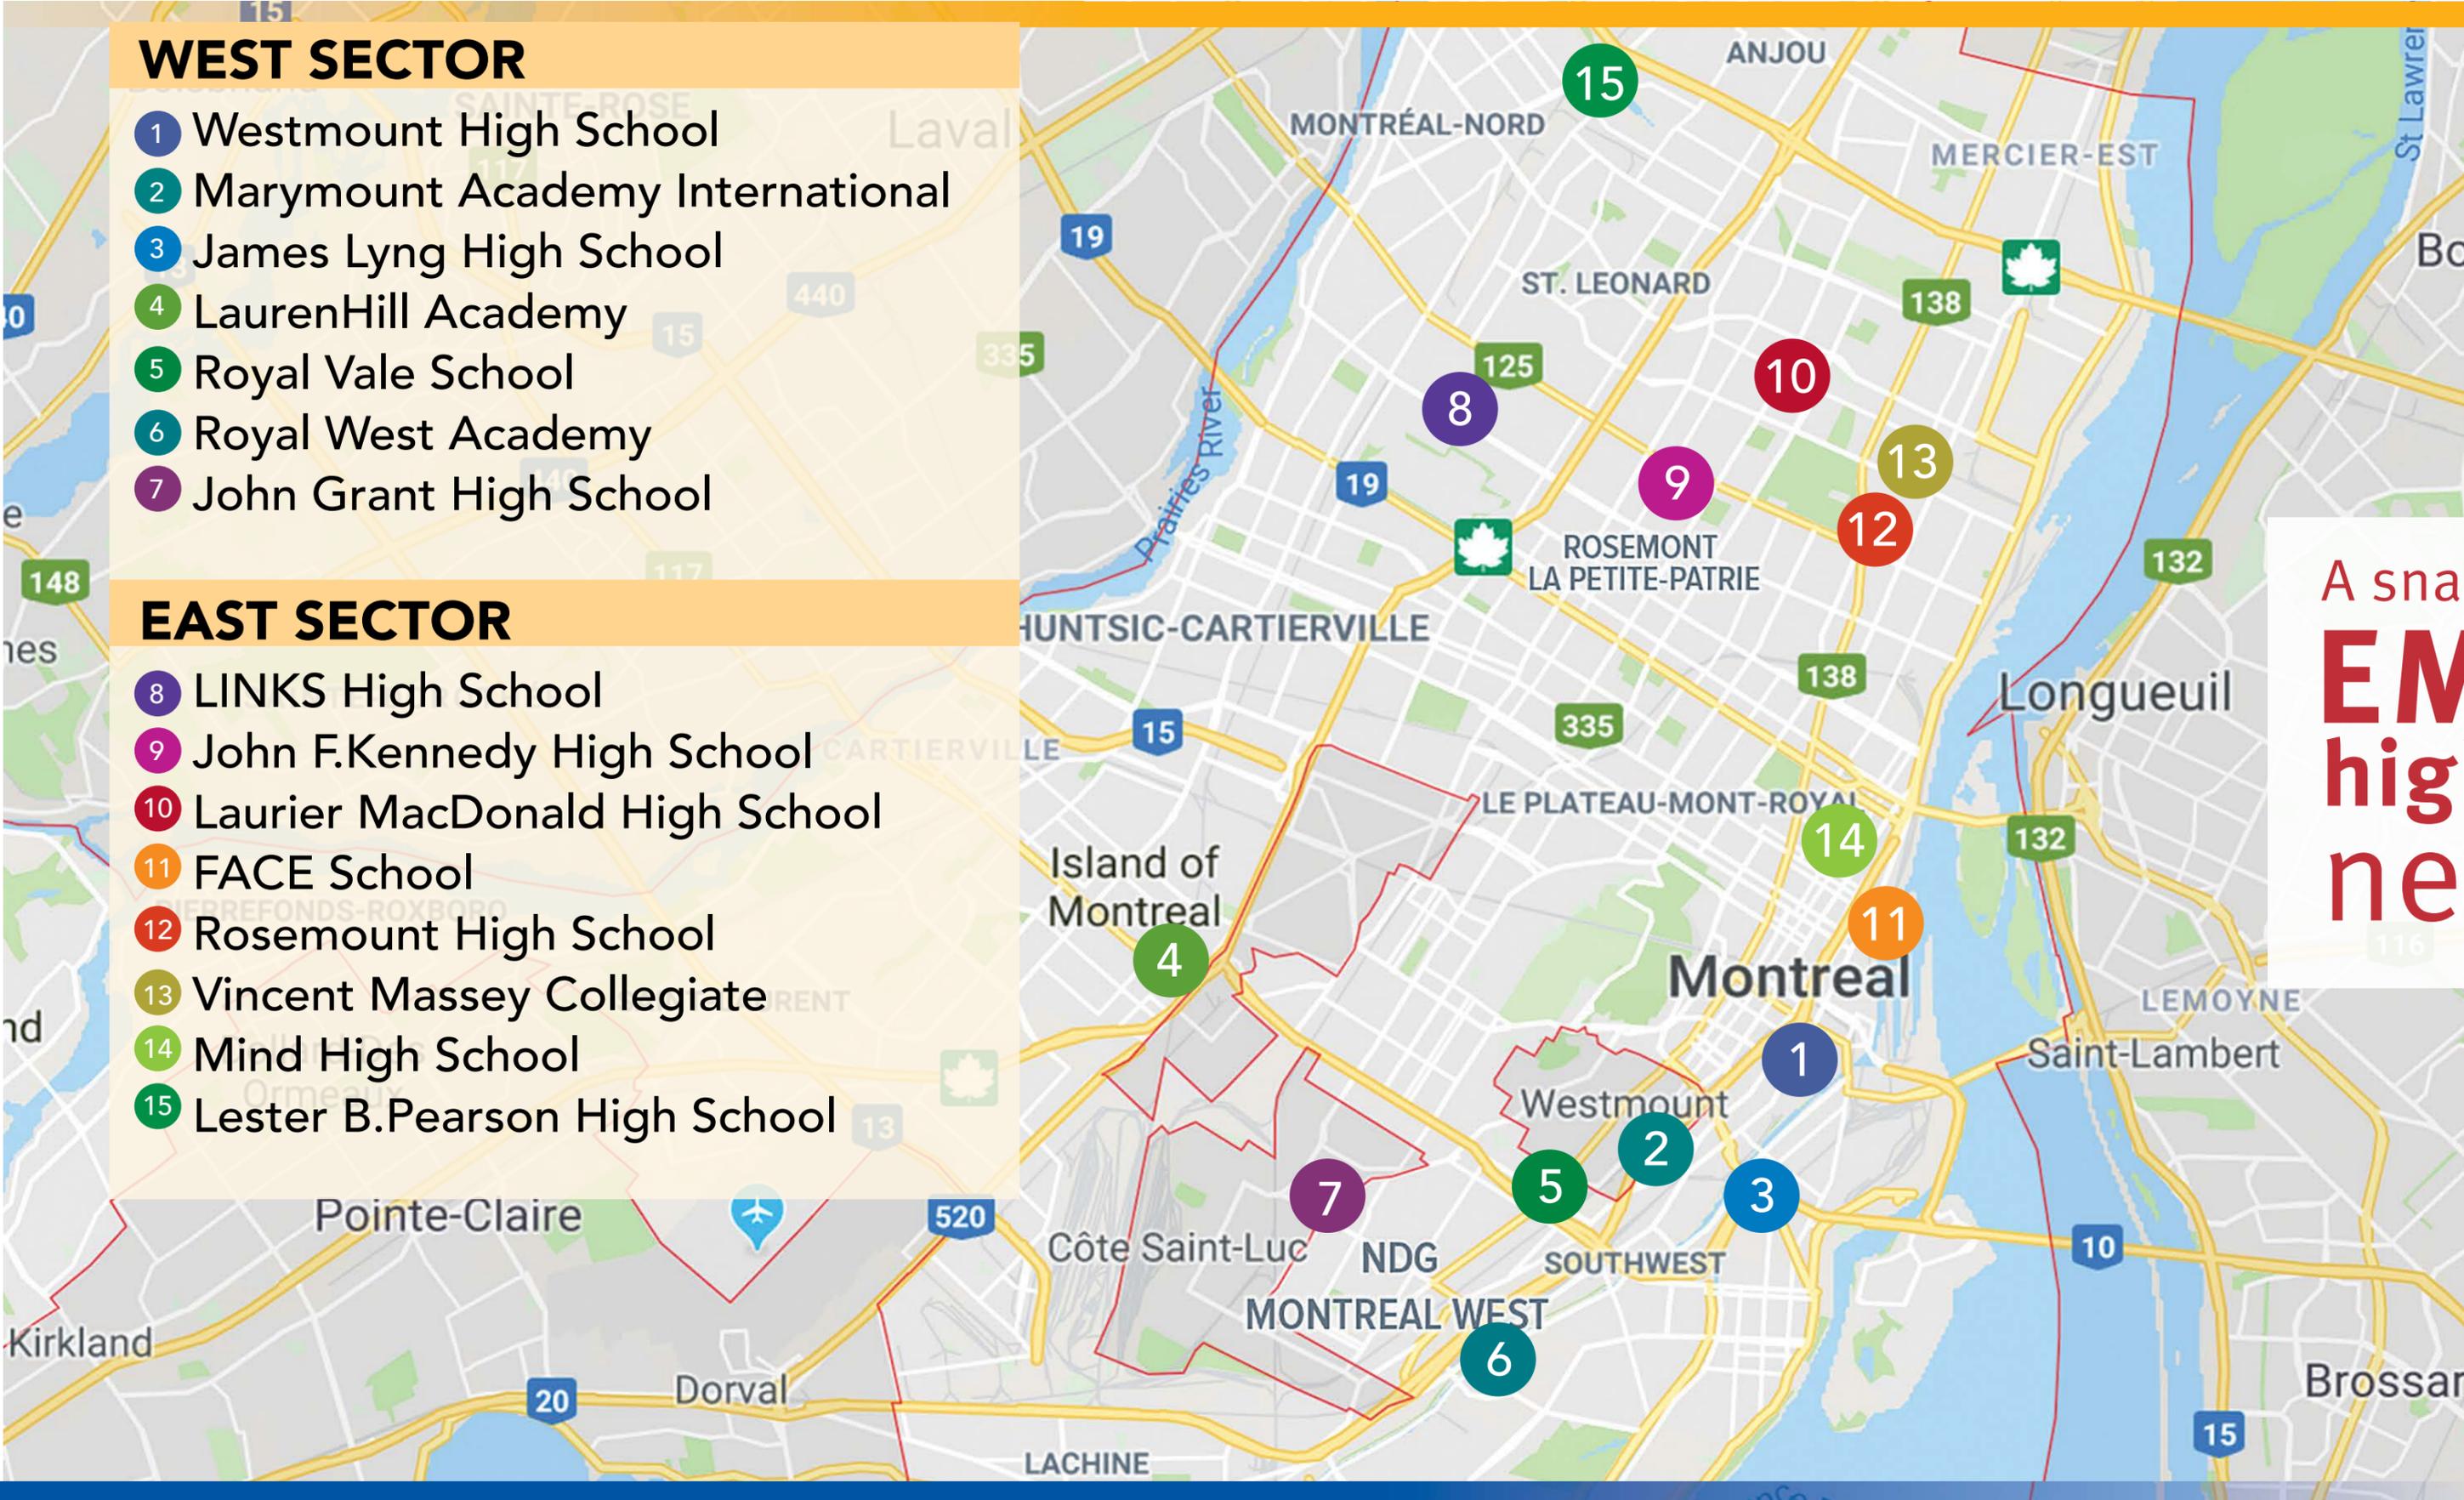

EMS B Director General

John Grant High School

Open House
Monday, May 29, 2023 by appointment.
Families and school teams book tours to see classes in action, ask questions and experience first-hand what John Grant High School is all about.

John Grant High School is an alternative high school serving students who learn differently. Following a modified curriculum, students are exposed to a variety of hands-on programming aimed at fostering independence, self-confidence and responsibility; reinforcing functional academics; improving literacy and numeracy; and developing life and work skills.

Through exploring their talents and interests, students work towards earning a MEQ certificate in the Work-Oriented Training Pathway (WOTP) programs or an EMSB certificate in the Challenges (DÉFIS) program. They benefit from partnerships between the school and local organizations and businesses that allow them to participate in meaningful activities and work placements. Students are referred to John Grant by the professionals at their current school, and with their families, meet with John Grant's dedicated school team at case conferences in the spring and fall. A personalized school tour outside of the regular open-house date can be arranged to learn more.

Focus programs

- Competency-Based Approach to Social (CASP)
- Work-Oriented Training Pathway (WOTP) program (pre-work training and/or training for a semi-skilled trade)
- Modified Academic Program (MAP)
- Challenges (DÉFIS) program
- Autonomy Preparation Program (APP)

Extra or co-curricular activities

- Student-run cafeteria
- Woodworking and entrepreneurship clubs
- Visual arts club, music program and concert
- Intramural sports and fitness programs
- Hair salon and fashion show
- Volunteering and advocacy programs
- Peers social skill program
- Horticultural and apiculture programs, and in-house pet care program
- Digital literacy and media smarts

Marymount Academy International

Open House
Tuesday, September 20, 2022
 from 7 pm to 9 pm.
Placement exam for the IB Middle Years
 Program for the 2023-2024 school year:
Saturday, October 22 at 1 pm.

Marymount Academy International has a student population that consists of a multitude of different ethnicities, cultures and backgrounds, reflective of the neighbourhood, NDG/ Côte des Neiges, in which it is situated.

It hosts the largest population of international and temporary stay students for all EMSB high schools and is a true example of inclusivity. The International Baccalaureate Middle Years Program option challenges students to become critical thinkers, global citizens and lifelong learners. Our STEP Resource Centre is a resource support for students who need structured help, an altered pace and occasional individual instruction.

Focus programs

- International Baccalaureate (IB) Middle Years Programme – French Immersion in Years 1 and 2
- Enriched math, science and technology
- French program: Français, programme de base and Français, programme enrichi
- Visual arts and multimedia
- STEP Resource Centre

Extra or co-curricular activities

- IB Community & Service activities (e.g. Elementary Tutoring Team)
- Art exposition
- Chess club
- Cultural show
- Leadership activities
- Student Council
- Cooking club
- Junior and senior public speaking
- Yearbook club
- Bike club
- Science fair
- Senior concert band
- Steel pan band
- GMAA and intramural Sports – (basketball, volleyball, badminton, soccer, futsal and more)
- Music program – wind and percussion Instruments

Royal Vale School

Open House
Wednesday, September 7, 2022

Royal Vale School, located in NDG, is a Kindergarten through Grade 11 school, with a math and science focus.

Royal Vale has limited enrolment with admissions granted in Grade 7 by application and qualifying examination results. It stands apart with a strong French program encompassing three levels, a dedicated Math/Science curriculum, and a program that teaches critical thinking skills, acceptance, leadership and democratic values, and a wide variety of extra-curricular activities and courses that promote leadership roles. The school's philosophy stresses lateral enrichment, learning through discovery, manipulation and experimentation, and application of knowledge.

Focus programs

- Enriched math, science and technology
- French programs: Français, programme enrichi and Français, international
- Pre-advanced placement and accelerated AP math program (pre-calculus)
- Music concentration
- Sports concentration
- Performing Arts concentration (drama/dance)
- Computer science/Robotics
- Optional grade-level trips

Extra or co-curricular activities

- Annual math competition
- Student Leadership Program
- Student Life Group
- Science fairs
- Advanced robotics
- Numerous sports teams including basketball, cross-country running, golf and more
- Cooking club
- Crafting for the Soul
- Dance, Drama club
- Fencing club, Games club
- Gardening club, Glee Club
- Library volunteers
- Photography, Band
- Yearbook Committee

FACE is entering its 48th year of delivering a fine arts education program. The school has a track record of serving a diverse student body united by a common bond: the arts.

Students from the English Montreal School Board and the Commission Scolaire de Montréal have common classes in vocal and instrumental music and often come together for extra-curricular activities. The fine arts program respects the Minister of Education requirements by developing the competencies of interpretation, creation and appreciation. Students gain knowledge in each one of the arts by engaging in the rigor and discipline that comes through exploration, analysis and application. They excel by developing their artistic talents with the support of art specialist teachers, tutors and artists. Musical instruments are provided by the school

Focus programs

- Art education in visual art, theater/drama, vocal music, instrumental music and dance
- French: Français, programme de base et programme enrichi (from grade 7 to 9)
- Enriched math and science

Extra or co-curricular activities

- Jazz bands
