Parent volunteers are a key pillar of our educational system and play a pivotal role. Your commitment to our schools and our children is an invaluable asset and is a big part of what drives our success.

We so appreciate all the time and energy you give to our Board, our schools and especially our students.

*Thank you!*

**- The EMSB Parents Committee -**

*"Volunteering is at the very core of being human. No one has made it through life without someone else's help."*

*Helen Keller*

The **EMSB Parents Committee** promotes parent participation in the activities of the school board, designates parents to various school board committees & elects parent commissioners to the Council of Commissioners, gives advice to the school board, informs the school board of the needs of parents, and gives its opinion to the school board on important matters and consultations.
