

SPEECH LANGUAGE PATHOLOGIST

General Circular No. P1/ 2112-7336

Place of Work:	Student Services
Status:	100% Replacement position
Salary Rate:	\$30.71 to \$56.34
Start Date:	Immediately
Immediate Superior	Director

Nature of the Work

The position of speech therapist encompasses, in particular, responsibility for carrying out prevention, screening and evaluation activities with students experiencing or likely to experience hearing, language, speech or voice problems and for determining and implementing a speech therapy or audiology treatment and intervention plan focussing on developing, restoring or maintaining communication skills of students in interaction with their environment and help them pursue their educational path

Main tasks and responsibilities

Provides the following services for students with communication difficulties: identification, intervention, consultation, and in-servicing of in-school personnel, parents, volunteers, etc. Communication difficulties include difficulties involving speech (voice fluency, articulation) and language (receptive and expressive).

Develops appropriate intervention programs for individual students or small groups of students, supports parents, teachers, other professionals and paraprofessionals in the implementation of the intervention programs.

Promotes preventative programs in the speech and language domain and creates or collaborates in the formation of special projects within the speech and language domain (i.e. language stimulation program, development of resource materials or training facilitators).

Provides general information to parents, teachers and others who help students regarding speech and language techniques, materials and activities.

Works in collaboration with Education Consultants (special education) regarding communication programs in the special education classes, facilitates the obtaining of additional resources such as external services.

Participates in multidisciplinary meetings as requested and organizes and presents workshops for principals, parents and other professionals.

Requirements and Qualifications

- Master's degree in Speech-Language Pathology
- Member of the *Ordre des orthophonistes et audiologistes du Québec* or in the process of applying for membership
- Fluency in English (both oral and written) and have a strong working knowledge of French (both oral and written)
- Experience as a Speech Therapist, preferably in the field of education
- Excellent communications and interpersonal skills as the candidate must maintain close contact with the outside organizations, administrative staff, multidisciplinary team, teachers and parents
- High level of empathy, care and sensitivity to the needs of the students
