## STAFF APPRECIATION WEEK- FEBRUARY 2 TO 6

We are excited to celebrate our staff appreciation week . This week is a special opportunity to recognize the incredible dedication, care, and hard work our teachers and support staff demonstrate every day. **They are the KEY to our SUCCESS!**

Our staff play an essential role in creating a nurturing, safe, and inspiring environment for our students. We invite you to help us celebrate them.

A simple message of appreciation can mean so much to them, and we would love your help in making this week truly meaningful. We invite you to email a note of appreciation to any staff member you wish to recognize.

Whether it's a quick thank-you, a story of how they've made a difference, or a message from your child, your words will brighten their week.

You can send messages directly to staff using their school email addresses, or, if you prefer, you may send your note to [face@emsb.qc.ca](mailto:face@emsb.qc.ca) and we will gladly forward it on your behalf.

Thank you for partnering with us in celebrating the wonderful team that supports our students every day.

Your kindness and encouragement go a long way!

## HOOKED ON SCHOOL WEEK

Hooked on School Days (HSD) is back from February 16–20 and Quebec schools and communities are rallying once again to celebrate student perseverance.

Led in Montreal by Réseau réussite Montréal, this year's theme, "**Perseverance will take you far**" reminds students that every effort counts and that they are surrounded by people who believe in them.

February is a tough stretch for many students, and research shows it is one of the highest-risk periods for disengagement.

Throughout the week, students will take part in activities that promote confidence, goal-setting, and the joy of learning. Our staff will be focusing on celebrating progress, effort, and the small steps that lead to long-term success.

We invite you to join us in reinforcing these messages at home by:

- Celebrating your child's efforts, even when things feel difficult
- Talking about goals and the strategies needed to reach them
- Encouraging a "growth mindset"—the idea that practice and persistence help us improve
