

February Newsletter

Honoré Mercier School

Dear Parents and Guardians,

January has passed quickly since our return from the holiday break, and it has been a pleasure to see our school community re-establish routines and engage so thoughtfully in learning.

Classrooms are active and purposeful, with students and staff fully immersed in academic pursuits as we near the end of the second term in February. This time of year provides an important opportunity to reflect on progress, set goals, and continue building strong foundations for student success.

Ongoing communication and partnership between home and school remain a key priority. In support of this, our second round of parent-teacher interviews will take place on Thursday, February 26.

These meetings offer a valuable opportunity to discuss student growth, celebrate achievements, and identify next steps.

Additional information, including scheduling details, will be shared with families in the coming days.
