

Dear Parents - **Building Blocks Tutorials** is proud to offer its **FINAL EXAM REVIEW** group sessions in partnership with **Laurier Macdonald High School**. Our tutorials will be offered by our certified teachers in person at LMAC and aim to mirror and reinforce material covered in class, as well as provide step by step tips and strategies. These sessions have helped thousands of students in the past, providing them with complementary learning and effective tools. The program includes 4 hours of teaching. The goal of these tutorials is to provide students with an overall course review and also serve as a **final exam preparation**.
