

COURSE STANDARDS AND PROCEDURES

COURSE:

AIM HIGH MATHEMATICS

CLASS RESOURCES: Teacher notes, in-class handouts, workbook, online resources, manipulatives (hands-on learning)

COURSE DESCRIPTION:

Our Aim High Math program is a modified program designed to provide the students with a customized approach to mathematical learning. This course targets fundamental mathematical concepts covered in high school cycle 1. In the event that a student masters a concept, higher level Math concepts will be introduced, explored and studied to enrich all students' understanding of mathematics.

COMPETENCIES TARGETED:

Competency 1: Solves a situational problem
Competency 2: Uses mathematical reasoning

OBJECTIVES:

- To review the fundamental concepts of cycle 1 mathematics
- To develop creative, logical and critical thinking skills
- To develop communication skills in mathematics
- To explore real-life uses of mathematics to inspire curiosity and enrich understanding

	Term 1 (20% of final grade)	Term 2 (20% of final grade)	Term 3 (60% of final grade)
Competencies Targeted	Competency 2	Competency 1 & 2	Competency 1 & 2
Communication with Students & Parents	Agenda, Google Classroom, email, corrected assignments		

EVALUATION METHODS:

May include, but not limited to open-book quizzes and assignments, exit cards, teacher observations, assignments, quizzes and tests.
