COURSE STANDARDS AND PROCEDURES

COURSE: Aim High Geography

CLASS RESOURCES: Teacher notes, in-class handouts, online resources

COURSE DESCRIPTION: In this course, students will be studying geography concepts within the context of a modified academic program. Students will learn to explore how humans use, occupy, and possess land space, how this space is transformed into a territory in Quebec, Canada and in other parts of the world as well as develop a sense of global citizenship.

COMPETENCIES TARGETED:

COMPETENCY 1: Understands the organization of a territory

COMPETENCY 2: Interprets a territorial issue

COMPETENCY 3: Construct one's own consciousness of global citizenship

OBJECTIVES: To acquire an understanding of the concept of a territory, the types of territories and organization of these territories, as well as interpret issues associated with these territories and how these issues affect the global community.
