## 1. MANDATE

The English Montreal School Board's B.A.S.E. - Offers homework support after school by providing students with an appropriate place in which to work and the time and materials they require.
- Builds a professional learning community that contributes to early childhood education and care by enhancing the competencies of the daycare staff through continual professional.

## 2. THE B.A.S.E. EDUCATIONAL CORES

Daycare educators in the B.A.S.E. Daycare Program are the **primary facilitators** of programming, designing and leading daily activities based on the six Educational Cores. These activities are planned to support children's development and reflect their individual needs and interests. The **B.A.S.E.** Daycare Program forms partnerships with universities, not-for-profit organizations and extracurricular activity companies to offer to students at no additional cost to the parents. **These specialized activities vary for daycare to daycare depending on choice of activity and availability. It is important to note that these external activities enhance, but do not replace, the core programming led by daycare educators.**

The six B.A.S.E. Educational Cores are:

- Homework and Snack
- Creative Arts
- Physical Activities
- Media Awareness
- Environmental Consciousness
- Specialty Programs

The daycare technician will write a letter to the individual concerned. The individual will have a maximum of five (5) days to respond. If the individual fails to respond within five (5) days, the principal and daycare technician will schedule a meeting with him/her to discuss the outstanding debt and make arrangements for payment. Failure to respect the arrangement will result in suspension of daycare services. Once the account has been settled, daycare services will resume.

Allergies or other health problems must be clearly identified by parents on the Daycare Registration Form. Please ensure that the school is provided with an Epi-Pen, if needed. If your child develops an allergy during the school year, the daycare staff must be notified immediately.

### C. ILLNESS

We cannot accept students at the daycare who show symptoms such as vomiting, fever or diarrhea. If such a situation arises, we will immediately call the parents to come pick-up their child without delay.

### D. MEDICATION

Administering medication to children is a parental responsibility. In order for daycare staff to administer medication, the following must be respected:

- A doctor must prescribe medication. Under no circumstances will non-prescriptive medication be administered.

- An *Authorization to Administer Medication* form needs to be dated and signed by a parent or guardian at the school level. The medical form must be submitted with the medication. Parents must inform the main office before their child enters the school premises that the above procedure has been followed.

#### A. INJURIES AND EMERGENCIES

It is inevitable that students will have accidents, but with supervision and preventative measures in place, our daycare will make every effort possible to avoid injury.

##### **Procedures for notifying parents are as follows:**

- Head injuries: If a child hits their head, however minor it might be, the child's parent will be notified by telephone.
- Head Lice: As per school policy, if a child is found to have head lice, the daycare will follow the school's procedures regarding notification and treatment. For more information on head lice and safe treatment, visit the [Québec Government](#).

If there is a medical emergency or a serious accident, daycare staff will take the necessary measures (administer an EpiPen, call 911, give First Aid). Daycare staff will inform the parents at the earliest possible moment. If transport by ambulance is necessary, the parents will incur the fees.
