WESTMOUNT HIGH SCHOOL MAY - JUNE 2025 EXAMINATION RULES

The following exam schedule lists most of the formal exams being offered at Westmount High School to students in Sec. 1 through Sec. 5. Note that some formal exams are held during class time leading up to this formal exam period. Teachers will communicate formal exam dates and times directly. **All absences are to be avoided during the months of May and June.** If a student becomes ill and must miss school on an exam date, a medical certificate will be required so as not to receive a grade of zero for the exam. Please note that this certificate must state that the child was unable to write an exam (not just that the child was present for an appointment).

Please note that any medical, dental, sports, legal, driving or other type of appointments should be scheduled outside of the exam period. If a specialist appointment cannot be avoided, please communicate this immediately with a vice-principal or the principal so that a solution can be explored. No such solutions will be explored after the exam has taken place.

Thank you in advance for carefully reading this exam schedule.

Things to do before the exam period begins:

1. To ensure that you are familiar with the date and time of your examination, **read the schedule carefully, check the information with each subject teacher and write it in your agenda.**
2. Highlight the details regarding the exams you will be writing directly on your exam schedule.
3. **Verify** with your subject teachers what supplies will be needed, and make sure you acquire all relevant materials. Supplies such as calculators will not be provided to you during the exam.
4. Report any exam conflicts to a vice-principal or to the principal **immediately**.
5. **On the day of the exam, verify the location of your exam on the board located in the main lobby. Class lists will be posted on the board prior to the scheduled exam with classroom numbers.**

Regarding the Exam Period:

6. Note that starting times are between **9:00 AM and 1:30 PM (excluding lab appointments)**. Arrive 30 minutes prior to the start of your exam and meet with your subject teacher to return textbooks wherever it's required. Once returned, you will then obtain a ticket that will allow you entry to your exam.
7. **Specific appointment times are given for labs and French oral exams, which must be respected. Arrive at least 15 min prior to your appointment time. Students arriving late to such exams cannot be admitted late as this is disruptive to the other students.**
8. Prior to entering the exam room, meet with your subject teacher to return textbooks. Once returned, you will then obtain a ticket that will allow you entry to your exam.
9. Students will be permitted to leave an examination **only** after at least half the time has elapsed (minimum time **90 minutes - or 60 minutes for a 90 minute exam**). Students are to **raise their hand** and **wait** for an **invigilator** to pick up the exam. Students must **sign** the **attendance sheet** before leaving the exam and indicate the time.

WESTMOUNT HIGH SCHOOL MAY - JUNE 2025 EXAMINATION RULES

10. During the exam period, students are to be in school **only** when **writing examinations** unless attending planned tutorials with a teacher or studying in the library. The cafeteria will not be serving food during the exam period. Students are not permitted to remain at school in unsupervised locations during the exam period.
11. If the school is closed for the day due to unforeseen circumstances, all examinations will be rescheduled, and a notice will be posted outside the main office, and on the school website/social media. Do not assume an exam is cancelled unless specified by the administration.

Exam Period – Special Code of Conduct:

12. The **school uniform must be worn** during the examination period. Students will not be allowed to write an exam unless in uniform.
13. Students should line up outside of their exam room and present their ticket, if a textbook was required for return, to the invigilator to gain entry. Students should enter the exam room quietly.
14. **Students will not be permitted to write an examination if they arrive more than half an hour after the start time of the examination.** Students arriving late within the first half hour of the examination must report to the office to obtain a late slip. The invigilator will only admit the student who is late with this slip. Extra time is not given.
15. Students must bring all relevant supplies to each exam, as the school will **not** issue supplies. All writing supplies, including mathematical instruments, calculators, etc., must be in a **clear zip-lock bag**. Dictionaries, calculators etc., can only be used if the subject teacher has instructed students to do so and/or it is indicated on the exam paper.
16. Students should not ask subject-related questions to the invigilator. The role of the invigilator is to supervise the exam and **not to answer any content related questions**.
17. Pencil cases, food, books, notes and hats are **not permitted** in the examination room. Water bottles are permitted.
18. **Electronic devices (including smart watches) are not permitted.** If a device is found in the student's possession during an exam, **it will be considered as cheating**. The device will be confiscated, and the student will be removed from the exam room. Note from the Ministry: Computers, tablet PCs, electronic organizers and calculators with an alphanumeric keyboard (QWERTY or AZERTY) or with computer algebraic systems (CAS) are prohibited. User guides, memory expansion features or any other calculator accessories or peripherals are also not allowed during the examination. Thus, memory expansion chips or cards and data or program libraries are strictly forbidden. Communication between calculators is also not permitted during the examination.
19. Cheating of any sort during an exam will result in a mark of **zero (0)** for the exam.
20. In the case of **absence** from an examination, a **medical certificate of incapacity** is required; otherwise a mark of **zero (0)** will be given. For multi-part English exams, absence from one day **invalidates the entire exam**. The need for a medical certificate applies to exams written during class time leading up to the formal exam period. **Misreading the schedule is not an acceptable excuse for an absence.**

Good Luck!
