#Fortanix

Avoid using tagline with logo in such cases

Where to use Logo with Tagline (Physical area)

Event Banner Roll up

Event Booth

NOTE:

Tagline to be used in areas with prominence and large display areas mainly.

The Tagline should always be under the Logo and Right Aligned.

Display Billboards

SOLUTION BRIEF

Fortify cyber resilience and secure your most sensitive data with Fortanix

The Digital Operational Resilience Act, or DORA, is a European Union (EU) regulation that creates a binding, com and communication technology (ICT) risk management framework for the EU financial sector. The Act seeks to har in the EU through ICT related risk management and incident reporting. The regulation was published on 27 Decempournal of the EU and will apply in full from January 2025.

Objectives of the Act

Avert cyberattacks

All financial organizations in EU have necessary safeguards to avert cyber-attacks and mitigate risks.

Harmonize ICT risk management regulations

The Act aims to address risk management in financial services and harmonize regulations that exist in E states.

Framework for third parties

The act also provides an oversight to critical third-party providers like cloud service providers.

Key Requirements of the Act

Article 8.1

Identify, classify, and adequately document all ICT supported business functions, roles and responsibilities, the information assets and ICT assets supporting those functions, and their roles and dependencies in relation to ICT risk.

Where to **NOT** use Logo with Tagline

OG Images and Social media Posts in this format

This is the usual size of the image when viewed on our screen and the Tagline is barely readable to the eye. Thus we don't use tagline in this case. Placement of just our Logo is sufficient.

Digital Ad space

Low visibility of tagline. So tagline not be used
