

Fortanix®

Security, Wherever Your Data Is...

Fortanix secures data, wherever it is. Fortanix's data-first approach helps businesses of all sizes to modernize their security solutions on-premises, in the cloud and everywhere in-between. Enterprises worldwide, especially in privacy-sensitive industries like healthcare, fintech, financial services, government, and retail, trust Fortanix for data security, privacy and compliance. Fortanix investors include Goldman Sachs, Foundation Capital, Intel Capital, In-Q-Tel, Neotribe Ventures and GiantLeap Capital.
