

Find out how you can download the new Telebanking Digital Token!

User's Guide

1. Go to the App Store or Google Play from your mobile device, locate the Scotiabank “Digital Token” app and download it

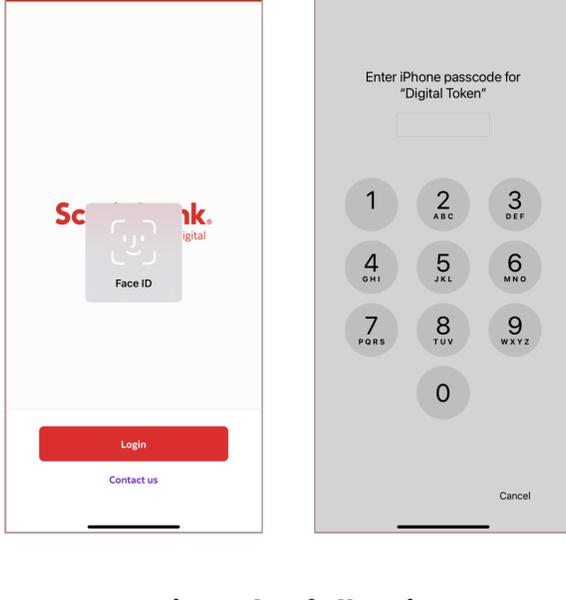

2. Locate the app on your mobile and enter

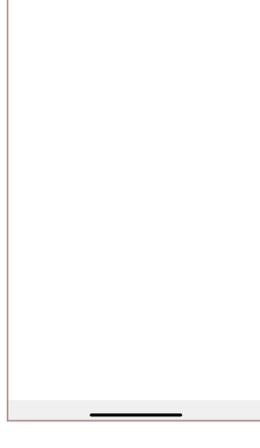

3. Once inside, click on “Login”

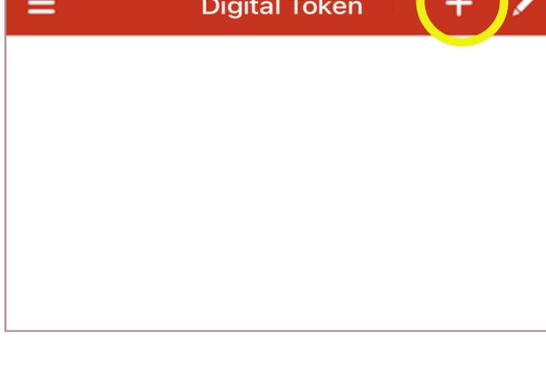

4. The app will request a credential to unlock (this credential can be Face ID, Touch ID, pattern or passcode)

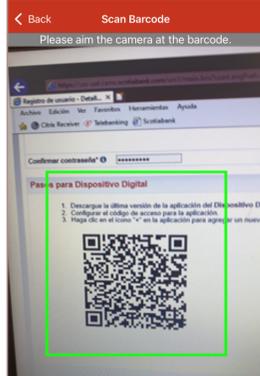

5. When accessing, the following screen will appear

6. To add a new Digital Token, select the “+” option in the upper corner

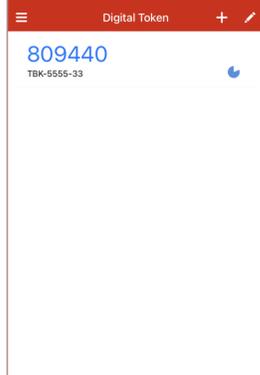

7. A camera will open to scan the QR.

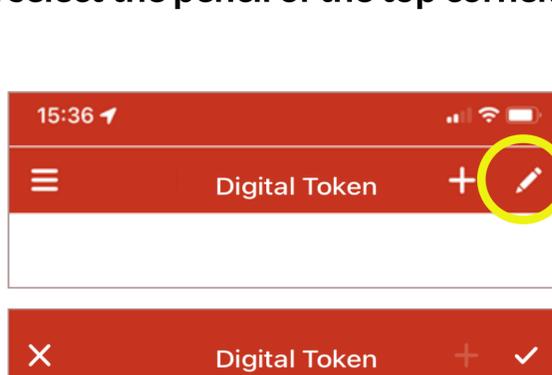

8. If the process is successful, a 6-digit Digital Token will appear on the cell phone.

To finish, enter the value of the Digital Token on the user registration screen that appears in Telebanking.

Great! Now you can use your Digital Token in Telebanking.

Remember! Also, to make edits to the token name, select the pencil of the top corner.

If you have any questions about the process, please contact **Scotiabank Business Solutions:**

 211-6900 (Lima) or 0800-18010 (Provincias).
